

## OVP module for essernet and RS485 interfaces

### Part-No.: 764731

Space-saving combined surge protector with LifeCheck for the protection of one wire of radio-frequency bus systems, with either direct or indirect shield grounding.

|                                       |                  |
|---------------------------------------|------------------|
| Rated voltage                         | 5 V              |
| Rated current                         | 1 A              |
| max. cont. operating voltage a.c.     | 4,2 V AC         |
| max. cont. operating voltage d.c.     | 6 V DC           |
| Nom. discharge current (80/20)/line   | 10000 A          |
| Total nom. discharge current          | 20 kA            |
| Total lightning imp. current (10/350) | 9 kA             |
| Lightning imp. current (10/350)/line  | 2,5 kA           |
| Ambient temperature                   | -40 °C ... 85 °C |
| Air humidity                          | < 95 %           |

For easy installation, the basic module 764737 is recommended.

### Accessories:

764737 Base for overvoltage protection module
