

Extension module carrier 2

Part-No.: FX808323

Approval: VdS, FM

Module carrier in plastic mounting tray for up to four modules with plug-in terminals. The modules automatically lock when plugged in and can be exchanged without using any tool. When the extension module carrier 2 is set up horizontally, the terminals are facing downwards; when set up vertically, the terminals face to the right.

Weight	approx. 175 g
